Summary

React Native Developer with 2+ years of experience building scalable mobile applications across fintech, e-commerce, wellness, and food delivery. Skilled in creating high-performance cross-platform solutions using React Native, JavaScript (ES6+), and TypeScript. Proven track record in optimizing app performance (95% ETA accuracy, 99% crash-free sessions), integrating real-time features (WebSockets, Google Maps, Firebase), and deploying apps to Play Store and App Store. Experienced in CI/CD, automated testing (Jest, React Native Testing Library), and Agile collaboration with designers and backend engineers.

Experience

Mobile Application Developer, Bodsphere Yoga LLP – Noida, Uttar Pradesh April 2025 – Present

- BodspHERE: Yoga & Meditation — Android / iOS:** Modernized a legacy React Native app by removing deprecated libraries, improving maintainability, and implementing deep linking with reusable UI components.
- Integrated secure OAuth login (Google, Apple), payments (Razorpay, Stripe), and Firebase Analytics/Crashlytics — achieving 99%+ crash-free sessions and boosting subscription conversion by 15%.
- Delivered real-time features (chat via WebSockets, offline downloads, Chromecast), reducing support response time from 12h to <1h and increasing engagement by 25%.
- Collaborated in Agile sprints with designers and backend engineers, ensuring clean, testable code through code reviews and debugging.

React Native Developer, Amazing Web Solutions – Bhopal, Madhya Pradesh June 2023 – March 2025

- Built cross-platform apps for e-commerce, food delivery, and fintech, implementing full purchase flows, secure payments, and real-time order tracking with Firebase Cloud Messaging & Google Maps.
- Optimized performance and stability with profiling/debugging in Android Studio & Xcode, enforcing security policies (root detection), and achieving 95% ETA accuracy & 99% crash-free stability.
- Delivered tablet-optimized restaurant interfaces with multilingual support, reducing development time by 40% through centralized architecture.

Education

Sri Satya Sai University of Technology Medical Sciences, Sehore July 2021 – July 2024

Bachelor of Engineering in Computer Science

Samrat Ashok Technological Institute, Vidisha Aug 2017 – Jun 2021

Diploma in Computer Science

Skills

Programming Languages & Web Technologies: JavaScript (ES6+), TypeScript, Java (Android), Swift (iOS), HTML, CSS

Frameworks & Libraries: React Native, React.js, Next.js, Redux Toolkit, Context API, React Navigation, Zustand (familiar), MobX (familiar)

Testing & Quality: Jest, React Native Testing Library (familiar), Unit & Integration Testing, Debugging Tools

Backend & Integration: RESTful APIs, GraphQL, Firebase (Auth, Firestore, Analytics, Crashlytics, Cloud Messaging), WebSockets, Google Maps SDK, Payment Gateways (Razorpay, Stripe), Push Notifications, Deep Linking, OTA Updates (Expo)

Development Tools & Practices: Git/GitHub, Jira, Android Studio, Xcode, App Store & Play Store Deployment, Performance Optimization, Secure Authentication, Agile/Scrum
